Sounds good, Rob. I will incorporate these into the draft agenda.

The conference line can accept up to 5 or 6 connections. No code required, simply dial the number. Thanks!

Great. Thank you Jamey. I see that there is no code for the teleconference.

Frank will be call in from Tyonek. So it will be at least 3-way or more.

For the agenda:

Please add the following agenda items:

- * Project update
- * Discussion of NVT / NARF Technical Assistance needs from EPA
- * Also let's discuss the Water Management Plan which will soon be released by Army Corps
- * Lisa Jackson transition and NVT spring trip to DC

I'll check with Frank and Heather on agenda items as well, understanding the meeting is rather short.

Thank you

Rob

Please forward the call in information and let's start working on a draft agenda. Thank you for all your work on this.

Best wishes

Hi Rob,

Would early in the week work? Katherine may out of the office on Friday Feb 8th and the AK Forum on the Env., so we were looking at maybe Monday, Tuesday, or Wednesday? We are both pretty open at this point. If you would like to choose a day/time and confer with Frank et. al. and get back to us we will get it scheduled. Thanks!

I wanted to see about getting our first conference call set up now
that a few months have passed since the signing of the EPA/NVT
MOU. As specified in the MOU, let me know who you would like
me to coordinate with on setting up the call and developing
agenda items, etc. Thanks in advance!
